- Libraries & Tools: SDL
- Web Development: HTML, CSS, JavaScript.
- Design Tools: Figma, Photoshop.

Language

- Arabic
- French
- English

Profile

Third-year Computer Science student at USTHB. Motivated and eager to gain professional experience. Looking for an opportunity to apply my skills, learn new technologies, and contribute effectively within a team.

Work Experience

2048 Game — C with SDL

- Developed a full version of the 2048 game using C and SDL, including grid logic, animations, and user interaction.

Flappy Bird Clone — Unity, C#

- Created a simplified Flappy Bird game using Unity, implementing physics, collision detection, and scoring.

Library Management App — Java/SQL

- Built an application to manage borrowing, returning, and storing university library books.

Education

- Baccalaureate in Science, Class of 2023 – Boualem Dekkar
- 3rd year Computer science in University Of Science And Technology Houari Boumediene.
